

# Exploring Nationalism

## Chapter Highlights

### Chapter 15: The Quest for Canadian Unity

This chapter investigates the meaning of unity and forces affecting national unity. How the changing face of Canada affects national unity is also investigated, specifically emerging trends in immigration, urbanization, Aboriginal peoples, and economic globalization.

**Chapter Issue:** *To what extent should Canadian national unity be promoted?*

**In this chapter you will learn about the following concepts:**

- That people's feelings of unity — oneness — with others is often closely tied to their sense of identity;
- That maintaining unity in any group is often a challenge;
- That increasing globalization, ease and speed of travel, new technologies, and world events mean that today's Canada is very different from the country that was created in 1867.

**Topics covered in this chapter include:**

1. What is national unity? (*forces affecting national unity, Canadian national unity*)
2. How the nature of Canada affects national unity. (*geography of Canada, Western alienation, the federal system, equality and fairness in a federal system, Québec sovereignty*)
3. How has the changing face of Canada affected national unity? (*immigration, urbanization, aboriginal peoples, inherent right, economic globalization*)
