

CONTENTS

PREFACE

CHAPTER 1

THEMES AND THEORIES OF CHILD DEVELOPMENT

A HISTORICAL INTERLUDE

THEMES OF DEVELOPMENT

- Biological versus Environmental Influences
- The Active versus the Passive Child
- Continuity versus Discontinuity
- Situational Influences versus Individual Characteristics
- Cultural Universals versus Cultural Relativism
- Risk and Resilience

FOR THOUGHT AND DISCUSSION

THEORETICAL PERSPECTIVES ON DEVELOPMENT

- Learning Perspectives

Box 1-1 Child Psychology in Action:

“Sesame Street” as an Educational Tool

- Cognitive Developmental Perspectives

Box 1-2 Perspectives on Diversity:

How Culture Can Affect Children’s Cognitive Development

- Psychodynamic Perspectives
- Systems Theory Perspectives
- Ethological Theory
- Life Span Theory

Box 1-3 Risk and Resilience:

Children of the Great Depression

FOR THOUGHT AND DISCUSSION

DEVELOPMENTAL THEMES AND THEORETICAL PERSPECTIVES: AN OVERVIEW

SUMMARY

CHAPTER 2

RESEARCH METHODS IN CHILD PSYCHOLOGY

SELECTING A SAMPLE

- Some Solutions to the Problem of Representativeness
- Another Approach: The National Survey

Box 2-1 Perspectives in Diversity:

Minority Groups in Child Development Research

Methods of Gathering Data about Children

- Children’s Self-Reports
- Reports by Family Members, Teachers, and Peers
- Direct Observation

FOR THOUGHT AND DISCUSSION

RESEARCH DESIGN: ESTABLISHING RELATIONS AND CAUSES

- The Correlational Method
- The Laboratory Experiment
- Field and Natural Approaches

Box 2-2 Child Psychology in Action:

How Can We Make Better Use of Research on Children and Television?

Combination Designs in Developmental Research
The Case Study Approach

FOR THOUGHT AND DISCUSSION

STUDYING CHANGE OVER TIME

The Cross-Sectional Method

Box 2-3 Risk and Resilience:

Longitudinal Studies and the Transfer of Psychosocial Risk

The Longitudinal Method
The Sequential Method

THE ETHICS OF RESEARCH WITH CHILDREN

FOR THOUGHT AND DISCUSSION

SUMMARY

CHAPTER 3

HEREDITY AND THE ENVIRONMENT

THE PROCESS OF GENETIC TRANSMISSION

Chromosomes and Genes
Genes, DNA, and Proteins

GENETIC INFLUENCES ON DEVELOPMENT

The Transmission of Traits: A Basic Model
Genes on the Sex Chromosomes: Exceptions to the Rule
Interactions among Genes
Genetic Disorders

Box 3-1 Perspectives on Diversity:

Sickle Cell Anemia: A Double-Edged Sword

FOR THOUGHT AND DISCUSSION

GENETIC COUNSELLING AND GENETIC ENGINEERING

Prenatal Diagnostic Techniques

Box 3-2 Child Psychology in Action:

The New Reproductive and Genetic Technologies

Gene Therapy

HEREDITY-ENVIRONMENT INTERACTION

Box 3-3 Child Psychology in Action:

The Human Genome Project

How the Environment Influences the Expression of Genes
How Genetic Makeup Helps Shape the Environment

FOR THOUGHT AND DISCUSSION

Heredity, Environment, and Individual Differences
Methods of Studying Individual Differences
Some Individual Differences and Their Contributors

FOR THOUGHT AND DISCUSSION

SUMMARY

CHAPTER 4

PRENATAL DEVELOPMENT AND BIRTH

STAGES OF PRENATAL DEVELOPMENT

The Zygote
The Embryo
The Fetus

THE EFFECT OF THE PRENATAL ENVIRONMENT ON DEVELOPMENT

Maternal Characteristics

Box 4-1 Diversity in Perspective:

Prenatal Health Care and Infant Mortality

Diseases and Disorders
Legal and Illegal Drugs
Environmental Toxins

MEDICAL INTERVENTIONS IN PREGNANCY AND CHILDBIRTH FOR THOUGHT AND DISCUSSION

BIRTH AND THE BEGINNINGS OF LIFE

LABOUR AND DELIVERY

Prematurity and Low Birthweight

Box 4-2 Child Psychology in Action:

Hormonal Influences on Maternal and Paternal Responsiveness
Vulnerability and Resilience in Children at Risk

Box 4-3 Risk and Resilience:

What Factors Help Children Overcome Early Adversity?

FOR THOUGHT AND DISCUSSION

SUMMARY

CHAPTER 5

INFANCY: SENSATION, PERCEPTION, AND LEARNING

THE NEWBORN

A New Baby's Reflexes
Infant States

Box 5-1 Child Psychology in Action:

Preventing Sudden Infant Death Syndrome
How to Soothe an Infant

Box 5-2 Perspectives on Diversity:

How Culture Affects Crying and Soothability
Evaluating the Newborn's Health and Capabilities

FOR THOUGHT AND DISCUSSION

THE INFANT'S SENSORY AND PERCEPTUAL CAPACITIES

Unlocking the Secrets of Babies' Sensory Capabilities

Box 5-3 Child Psychology in Action:

Can Infants Learn Even Before They are Born?

Hearing: The Littlest Pitchers Have Big Ears
Vision: How Babies See Their Worlds
Smell, Taste, and Touch

INTERMODAL PERCEPTION: HOW INFANTS TRANSFER LEARNING FROM ONE SENSE TO ANOTHER

FOR THOUGHT AND DISCUSSION

EARLY LEARNING AND MEMORY

Classical Conditioning
Operant Conditioning
Learning Through Imitation
Memory in Babies

FOR THOUGHT AND DISCUSSION

SUMMARY

CHAPTER 6

THE CHILD'S GROWTH: BRAIN, BODY, MOTOR SKILLS, AND SEXUAL MATURATION

BRAIN DEVELOPMENT IN INFANCY

Neurons and Synapses
Sequential Development of the Brain
Hemispheric Specialization
The Brain's Plasticity

FOR THOUGHT AND DISCUSSION

MOTOR DEVELOPMENT

- Reaching and Grasping
- Locomotion
- How Locomotion May Affect Other Aspects of Development
- The Role of Experience and Culture

Box 6-1 Risk and Resilience:

Blind Infants Struggle to “See”

FOR THOUGHT AND DISCUSSION

PHYSICAL GROWTH

Box 6-2 Perspectives on Diversity:

How Infant-Rearing Customs Can Alter Motor Patterns

- Do Genes Affect Height and Weight?
- The Influence of Environmental Factors
- People Are Growing Taller
- Are We Growing Heavier? Obesity and Eating Disorders

Box 6-3 Child Psychology in Action:

Learning Not to “Clean Your Plate”

FOR THOUGHT AND DISCUSSION

SEXUAL MATURATION

- The Onset of Sexual Maturity
- What Determines the Timing of Puberty?
- The Effects of Early and Late Maturation]

SUMMARY

CHAPTER 7

EMOTIONAL DEVELOPMENT

EARLY EMOTIONAL DEVELOPMENT

- How Babies Express Their Emotions
- Learning How to Regulate Emotions
- Recognizing Emotions in Others

THE BEGINNINGS OF SPECIFIC EMOTIONS

- Smiling and Laughter: The First Expressions of Pleasure
- Fear: One of the First Negative Emotions
- How Do Smiling, Laughter, and Fear Develop?

Box 7-1 Child Psychology in Action:

Coping with Homesickness

FOR THOUGHT AND DISCUSSION

HOW CHILDREN THINK ABOUT EMOTIONS

- Matching Emotions to Situations: Emotional Scripts
- Complex Emotions: Pride, Guilt, and Shame

THE DEVELOPMENT OF ATTACHMENT

- Theories of Attachment
- How Attachment Evolves
- Attachment to Fathers and Others

FOR THOUGHT AND DISCUSSION

THE NATURE AND QUALITY OF ATTACHMENT

Box 7-2 Risk and Resilience:

Attachment, Institutionalization, and International Adoption

- Methods of Assessing Attachment Relationships
- The Parents' Role in the Quality of Attachment

Box 7-3 Perspectives on Diversity:

Attachment Types in Different Cultures

- The Effect of Infant Temperament
- Stability in the Quality of Attachment
- The Consequences of Attachment Quality
- Multiple Caregivers and Attachment: The Effects of Day Care

**FOR THOUGHT AND DISCUSSION****SUMMARY****CHAPTER 8****LANGUAGE AND COMMUNICATION****THE COMPONENTS OF LANGUAGE: PHONOLOGY, SEMANTICS, GRAMMAR, AND PRAGMATICS****THEORIES OF LANGUAGE DEVELOPMENT**

The Learning Theory View

The Nativist View

The Interactionist View

Box 8-1 Perspectives on Diversity:**Are Creole Languages Evidence of a Universal First Grammar?****FOR THOUGHT AND DISCUSSION****THE ANTECEDENTS OF LANGUAGE DEVELOPMENT**

Not by Word Alone: Preverbal Communication

Early Language Comprehension

Babbling and Other Early Sounds

FOR THOUGHT AND DISCUSSION**SEMANTIC DEVELOPMENT: THE POWER OF WORDS**

How Children Acquire Words

Box 8-2 Risk and Resilience:**Children at Risk for Failure to Develop Language**

What Kinds of Words Do Children Learn First?

Errors in Early Word Use

THE ACQUISITION OF GRAMMAR: FROM WORDS TO SENTENCES

Can One Word Express a Complete Thought?

Two-Word Sentences

Box 8-3 Child Psychology in Action:**Language Learning in the Deaf**

Learning the Rules

Approaching Formal Grammar

How Children Make Sense of What They Hear

FOR THOUGHT AND DISCUSSION**LEARNING THE SOCIAL AND CREATIVE USES OF LANGUAGE**

The Rules of Pragmatics

Learning to Adjust Speech to Audience

Learning to Listen Critically

The Use of Figurative Language

METALINGUISTIC AWARENESS: KNOWING ABOUT LANGUAGE**BILINGUALISM AND LANGUAGE DEVELOPMENT****FOR THOUGHT AND DISCUSSION****SUMMARY****CHAPTER 9****COGNITIVE DEVELOPMENT: PIAGET AND VYGOTSKY****PIAGET'S THEORY OF COGNITIVE DEVELOPMENT**

The Evolution of Piaget's Thinking

The Child as an Active Seeker of Knowledge

PIAGET'S STAGES OF COGNITIVE DEVELOPMENT

The Sensorimotor Period

The Preoperational Period

The Period of Concrete Operations

Box 9-1 Perspectives on Diversity:**Different Cognitive Skills in Different Cultures**

The Period of Formal Operations

Self and Other: Piagetian Concepts and the Beginning of Social Cognition

FOR THOUGHT AND DISCUSSION

EVALUATION OF PIAGET'S THEORY

- Strengths of the Theory
- Did Piaget Judge the Child's Abilities Accurately?
- Does Cognitive Development Proceed in Stages?
- Overall Assessment

FOR THOUGHT AND DISCUSSION

VYGOTSKY'S SOCIOCULTURAL THEORY

- Elementary and Higher Mental Functions
- The Zone of Proximal Development

Box 9-2 Child Psychology in Action:

Adult Partnering Guides Children in Efficient Planning

- The Role of Culture
- Mathematics and Culture

Box 9-3: Risk and Resilience:

Translating Street Math into Academic Math Isn't So Easy

- The Role of Language

EVALUATION OF VYGOTSKY'S THEORY

FOR THOUGHT AND DISCUSSION

SUMMARY

CHAPTER 10

COGNITIVE DEVELOPMENT: THE INFORMATION PROCESSING APPROACH

INFORMATION PROCESSING THEORY

- Focus of the Information Processing Approach
- Effects of Knowledge on the Information Processing System
- Analyzing Task Performance
- Comparing Piagetian and Information Processing Approaches

FOR THOUGHT AND DISCUSSION

STEPS IN INFORMATION PROCESSING: A CLOSER LOOK

- Perception and Attention
- Memory

Box 10-1 Risk and Resilience:

Memory Skills and Strategies and Metacognitive Processing in Children Who Are Deaf

Box 10-2 Child Psychology in Action:

Should Young Children Testify in Court?

- Problem Solving

Box 10-3 Perspectives on Diversity:

It's Easier to Count in Chinese Than in English!

FOR THOUGHT AND DISCUSSION

METACOGNITION

- The Child's Theory of Mind
- Knowledge about the Self
- Knowledge about the Task
- Knowledge about the Strategies
- Metacognition and School Performance

FOR THOUGHT AND DISCUSSION

SUMMARY

CHAPTER 11

INTELLIGENCE

A LAY DEFINITION OF INTELLIGENCE

THEORIES OF INTELLIGENCE

- The Factor Analytic Approach
- The Information Processing Approach: Sternberg's Triarchic Theory
- Gardner's Theory of Multiple Intelligences

FOR THOUGHT AND DISCUSSION**TESTING INTELLIGENCE: PURPOSES AND METHODS**

Measuring Infant Intelligence
The Stanford-Binet Test

Box 11-1 Child Psychology in Action:**The Fagan Test of Infant Intelligence**

The Wechsler Scales
The Kaufman Assessment Battery for Children
Constructing Measures of Intelligence
Stability of Measured Intelligence

FOR THOUGHT AND DISCUSSION**WHY DO PEOPLE DIFFER IN MEASURED INTELLIGENCE?**

How much Intelligence Is Inherited?
Environmental Factors

FOR THOUGHT AND DISCUSSION**ETHNIC, RACIAL, AND SOCIAL-CLASS FACTORS IN INTELLECTUAL PERFORMANCE**

Are Intelligence Tests Biased against Minority Groups?
Social-Class Influences on Intellectual Performance
Multicultural and Cross-Cultural Factors in Intellectual Performance

Box 11-2 Perspectives on Diversity:**Making the Grade in Japan, Taiwan, and the United States****COGNITIVE INTERVENTION STUDIES**

Head Start and Similar Programs

Box 11-3 Risk and Resilience:**Aboriginal Head Start**

Characteristics of Successful Intervention Programs

FOR THOUGHT AND DISCUSSION**BEYOND THE NORMS: GIFTEDNESS AND MENTAL RETARDATION**

The Intellectually Gifted
Children with Intellectual Deficits

CREATIVITY

Definitions and Theories
Relationship between Creativity and Intelligence
Are Children Creative?
How Can We Encourage Creativity in Children?

FOR THOUGHT AND DISCUSSION**SUMMARY****CHAPTER 12****THE FAMILY****THE FAMILY SYSTEM**

The Ecological Systems Perspective
The Marital System

Box 12-1 Child Psychology in Action:**Physical Discipline versus Child Abuse**

The Parent-Child System

Box 12-2 Perspectives on Diversity:*Parental Childrearing Styles Carry Different Meanings in Different Cultures*

The Sibling System
The Family Unit as an Agent of Children's Socialization

FOR THOUGHT AND DISCUSSION**SOCIAL CLASS, ETHNICITY, AND SOCIALIZATION**

Poverty and Powerlessness
How Social Class Affects Childrearing
Cultural Patterns in Childrearing

THE CHANGING FAMILY STRUCTURE

- Maternal Employment and Child Development
- Marital Transitions
- Gay and Lesbian Parents
- Teen Pregnancy: Children Having Children

FOR THOUGHT AND DISCUSSION

CHILD ABUSE WITHIN THE FAMILY

- Abused Children and Their Parents
- The Ecology of Child Abuse
- Consequences of Child Abuse

CHILDREN, FAMILIES, AND POLITICAL VIOLENCE

Box 12-3 Risk and Resilience:

Surviving War and Living with Violence

FOR THOUGHT AND DISCUSSION

SUMMARY

CHAPTER 13

PEERS AND FRIENDS

EARLY PEER INTERACTIONS

- Infancy and Toddlerhood
- The Early School Years

THE ROLE OF PEERS IN CHILDREN'S SOCIALIZATION

- Peers as Reinforcers of Desired Behaviours
- Peers as Models
- Peers and the Development of the Self
- Peers as Guides and Instructors

PLAY AND ITS FUNCTIONS

- Play, Fantasy, and Social Competence
- Play, Peers, and Pathology

PEER ACCEPTANCE

- Assessing Peer Status
- Consequences of Being Unpopular

Box 13-1 Child Psychology in Action:

What Happens to Shy Children—Thirty Years Later?

Box 13-2 Risk and Resilience:

Bullies and Victims: Life on the Playground

FOR THOUGHT AND DISCUSSION

DEVELOPING FRIENDSHIPS

- What Is a Friend?
- How Children Make Friends

FOR THOUGHT AND DISCUSSION

THE FORMATION OF GROUPS

- Dominance Hierarchies
- Cliques and Crowds

PEER AND ADULT INFLUENCES ON THE CHILD AND ADOLESCENT

PEER GROUPS IN DIFFERENT CULTURES

Box 13-3 Perspectives on Diversity:

Cross-Cultural Variations in Children's Peer Relationships

FOR THOUGHT AND DISCUSSION

SUMMARY

CHAPTER 14

SCHOOLS, TECHNOLOGY, AND TELEVISION

THE SCHOOL'S ROLE IN LEARNING AND SOCIALIZATION

**SCHOOL ENVIRONMENTS**

- School Size
- Age Groupings: What about Junior High?
- Class Size
- Classroom Organization

Box 14-1 Perspectives on Diversity:**Suiting Classroom Organization to Cultural Values and Practices****FOR THOUGHT AND DISCUSSION****TEACHERS: THEIR IMPACT ON CHILDREN'S DEVELOPMENT**

- Teacher Expectations and Academic Success
- Classroom Discipline and Operant Reinforcement

TEACHING METHODS AND TECHNIQUES

- Cooperative Learning
- Peers as Teachers
- Textbooks and Basic Skills
- Computer Technology

FOR THOUGHT AND DISCUSSION**ACHIEVEMENT MOTIVATION**

- How Emotions, Beliefs, and Self-Esteem Affect Achievement Motivation
- Can Social Class Affect Motivation to Achieve?
- Academic Context and Achievement

CULTURE, CLASS, AND RACE**Box 14-2 Risk and Resilience:****Helping Latin American Children Achieve****FOR THOUGHT AND DISCUSSION****SPECIAL CHILDREN: THE POLICY OF INCLUSION****TELEVISION: HARMFUL OR HELPFUL?**

- How much Television and What Programs Do Children Watch?
- Do Children Understand What They Watch?
- Usefulness of Television: Its Educational Benefits

Box 14-3 Child Psychology in Action:**Teaching Children to Distinguish between Television and Reality**

- Negative Effects of Television
- How Can Parents Modify the Effects of Television on Their Children?

FOR THOUGHT AND DISCUSSION**SUMMARY****CHAPTER 15****GENDER ROLES AND GENDER DIFFERENCES****GENDER-ROLE STANDARDS AND STRATEGIES****GENDER DIFFERENCES IN DEVELOPMENT**

- Developmental Patterns of Gender Typing
- Stability of Gender Typing

Box 15-1 Child Psychology in Action:**Will We Let Computers Widen the Gender Gap?****FOR THOUGHT AND DISCUSSION****BIOLOGICAL FACTORS IN GENDER DIFFERENCES**

- Hormones and Social Behaviour
- Hormones and Cognitive Skills
- Brain Lateralization and Gender Differences
- Biology and Cultural Expectations

COGNITIVE FACTORS IN GENDER TYPING

- Kohlberg's Cognitive Developmental Theory
- Gender-Schema Theory: An Information Processing Approach
- A Comparison of Cognitive Developmental and Gender-Schema Theories

FOR THOUGHT AND DISCUSSION

INFLUENCE OF THE FAMILY ON GENDER TYPING

- Parents' Influence on Children's Gender-Typed Choices
- Parental Behaviour towards Girls and Boys

Box 12-2 Risk and Resilience:

Gender Differences in Injuries: Children's Risk Taking and Parental Perceptions

- Modelling Parents' Characteristics
- Parental Absence or Unavailability
- Gender Roles in Children of Gay and Lesbian Parents

EXTRAFAMILIAL INFLUENCES ON GENDER ROLES

- Books and Television
- Peers, Gender Roles, and Self-Esteem
- Schools and Teachers

ANDROGYNY

FOR THOUGHT AND DISCUSSION

SUMMARY

CHAPTER 16

MORALITY, ALTRUISM, AND AGGRESSION

AN OVERVIEW OF MORAL DEVELOPMENT

COGNITIVE THEORIES OF MORAL DEVELOPMENT

- Jean Piaget's Cognitive Theory and Moral Development
- Lawrence Kohlberg's Cognitive Theory of Moral Development

Box 16-1 Perspectives on Diversity:

Justice versus Interpersonal Obligations: India and the United States

- Distinguishing Moral Judgments from Other Social Rules
- Do Moral Judgments Always Lead to Moral Behaviour?

THE BEHAVIOURAL SIDE OF MORAL DEVELOPMENT

- Self-Regulation and the Delay of Gratification
- Consistency across Situations and Time

FOR THOUGHT AND DISCUSSION

THE EVOLUTION OF PROSOCIAL AND ALTRUISTIC BEHAVIOURS

- How Prosocial Behaviour Evolves

Box 16-2 Child Psychology in Action:

How Parents Can Teach Children Prosocial Behaviour

- Are Girls More Prosocial Than Boys?
- Determinants of Prosocial Development
- The Influence of Cognitive Development
- Empathy, Perspective Taking, and Altruism

FOR THOUGHT AND DISCUSSION

THE DEVELOPMENT OF AGGRESSION

- What Is Aggression?
- How Aggressive Behaviour Develops in Children
- Gender Differences in Aggression
- Origins of Aggressive Behaviour
- Control of Aggression

Box 16-3 Risk and Resilience:

The Road to Delinquency

FOR THOUGHT AND DISCUSSION

SUMMARY

GLOSSARY
