Traditional Ecological Knowledge

Unit 1 Ecosystems

Chapter 1 Organisms and Their Environment

Starting Point Activity 1-A: Chain of Events

- 1.1 Abiotic and Biotic Environments
Find Out Activity 1-B: Salty Seeds
Conduct an Investigation 1-C: Soil Sleuths
- 1.2 How Organisms Interact in Ecosystems
Find Out Activity 1-D: Designer Habitat
Conduct an Investigation 1-E: Sampling Populations in an Ecosystem
- 1.3 Roles of Organisms in Ecosystems
Think & Link Investigation 1-F: What Goes Up Must Come Down
Conduct an Investigation 1-G: Don't Waste It!

Chapter 1 At a Glance

Chapter 1 Review

Chapter 2 Cycles in Ecosystems

Starting Point Activity 2-A: Ant Alert

- 2.1 Food Chains, Food Webs, and Energy Flow
Design Your Own Investigation 2-B: A Mealworm's Food Chain
Think & Link Investigation 2-C: Dinner at the Copepod Café
- 2.2 Cycles of Matter
Find Out Activity 2-D: Modelling the Water Cycle
- 2.3 Limiting Factors in Ecosystems
Conduct an Investigation 2-E: What's the Limit?
Conduct an Investigation 2-F: Succession in a Bottle

Chapter 2 at a Glance

Chapter 2 Review

Chapter 3 Ecosystems and People

Starting Point Activity 3-A: Learning, Harming, Helping

- 3.1 Learning about Ecosystems
Find Out Activity 3-B: Ecosystem Stories
Conduct an Investigation 3-C: Counting Caribou
At Home Activity 3-D: Mapping Home
- 3.2 Human Impacts on Ecosystems
Find Out Activity 3-E: Alien Invaders
Find Out Activity 3-F: Risky Business

- 3.3 Conserving and Protecting Ecosystems
Conduct an Investigation 3-G: Ecosystem in a Bottle

Chapter 3 At a Glance

Chapter 3 Review

Unit 1 Ask an Elder: Trudy Frank

Unit 1 Ask a Biologist: Hilda Ching

Unit 1 Project: Hands-on Habitat

Unit 2 Chemistry

Chapter 4 Characteristics and Properties of Matter

Starting Point Activity 4-A: Mystery Materials

- 4.1 Describing Matter
Find Out Activity 4-B: Describing Matter
- 4.2 Measuring Matter
Find Out Activity 4-C: Practise Measuring Mass
Conduct an Investigation 4-D: Practise Measuring Volume
Conduct an Investigation 4-E: Build a Density Tower
- 4.3 Changes in Matter
Think & Link Investigation 4-F: Name the Change
Find Out Activity 4-G: Using the Particle Model

Chapter 4 At a Glance

Chapter 4 Review

Chapter 5 Classifying Matter

Starting Point Activity 5-A: Mixture or Pure Substance?

- 5.1 Pure Substances and Mixtures
At Home Activity 5-B: Making Sugar "Disappear"
Conduct an Investigation 5-C: Inspector's Corner
- 5.2 Classifying Mixtures
Find Out Activity 5-D: Keep it Together!
Conduct an Investigation 5-E: What Kind of Mixture?
- 5.3 Pure Substances
Find Out Activity 5-F: An Element and a Compound
- 5.4 Pure Substances from Mixtures
Find Out Activity 5-G: Separating Mixtures
Find Out Activity 5-H: Panning for "Gold"

Chapter 5 At a Glance

Chapter 5 Review

Chapter 6 Exploring Solutions

Starting Point Activity 6-A: Cold Tea, Hot Tea

6.1 Solutes and Solvents

Find Out Activity 6-B: Does It Dissolve?

6.2 Dissolving

Find Out Activity 6-C: How Much Is Too Much?

Think & Link Investigation 6-D: How Does Temperature Affect Solubility?

Design Your Own Investigation 6-E: Changing the Rate of Dissolving

6.3 Acids and Bases

Conduct an Investigation 6-F: Acid, Base, or Neutral?

Find Out Activity 6-G: Home-Grown Indicators

6.4 Processing Solutions

Conduct an Investigation 6-H: Separating Salt from Salt Water

Chapter 6 At a Glance

Chapter 6 Review

Unit 2 Ask an Elder: Elizabeth Gravelle

Unit 2 Ask an Oil Spill Expert

Unit 2 Project: Purifying Mixtures

Unit 3 Earth's Crust

Chapter 7 The Composition of Planet Earth

Starting Point Activity 7-A: Examine the Evidence

7.1 The Structure of Earth

Find Out Activity 7-B: A Model Planet

Conduct an Investigation 7-C: Movement in the Mantle

At Home Activity 7-D: Convection Currents at Home

7.2 Minerals and Mineral Resources

Find Out Activity 7-E: Research the Resource

Think & Link Investigation 7-F: Trade Routes

Conduct an Investigation 7-G: A Geologist's Mystery

7.3 How Rocks Are Formed

Conduct an Investigation 7-H: Cool Crystals, Hot Gems

Find Out Activity 7-I: Mystery Moulds

Find Out Activity 7-J: Find the Family

Chapter 7 At a Glance

Chapter 7 Review

Chapter 8 Earth's Moving Crust

Starting Point Activity 8-A: Sediment Shake-up

8.1 Weathering and the Rock Cycle

Conduct an Investigation 8-B: Rocks that Fizz

At Home Activity 8-C: Chewable Rocks

Conduct an Investigation 8-D: Colouring the Rock Cycle

Find Out Activity 8-E: Real Rock and Roll

8.2 Clues in the Crust

Conduct an Investigation 8-F: Give Me a Clue!

Find-Out Activity 8-G: Deep Sea Diorama

8.3 The Theory of Plate Tectonics

Design Your Own Investigation 8-H: On a Collision Course!

Think & Link Investigation 8-I: Where Do You Draw the Line?

Chapter 8 At a Glance

Chapter 8 Review

Chapter 9 Earth's Changing Surface

Starting Point Activity 9-A: Use the Force

9.1 Changing Landforms

Find Out Activity 9-B: How Does a Glacier Move?

9.2 Earthquakes

Find Out Activity 9-C: Waiting For the Waves

Think & Link Investigation 9-D: In the Zone

Find Out Activity 9-E: Pass the Wave

9.3 Volcanoes

Find Out Activity 9-F: Ash in the Area

Find Out Activity 9-G: Blast from the Past

Find Out Activity 9-H: Pardon My Intrusion

Find Out Activity 9-I: Discovering the Past

Chapter 9 At a Glance

Chapter 9 Review

Unit 3 Ask an Elder: Chief Herb Morven

Unit 3 Ask a Geophysicist

Unit 3 Project: Shake and Quake

SkillPower 1 Using Graphic Organizers

SkillPower 2 Metric Conversion and SI Units

SkillPower 3 Measurement

SkillPower 4 Developing Models in Science

SkillPower 5 Organizing and Communicating Scientific Data

SkillPower 6 Designing and Conducting Experiments
