

1 Looking at Abnormality 2

Extraordinary People—Clifford Beers, *A Mind That Found Itself* 3

Defining Abnormality 4

Cultural Relativism 4

Abnormality Along the Continuum 5

Unusualness 6

Distress 8

Mental Illness 8

The Four Ds of Abnormality 8

Shades of Gray 9

Historical Perspectives on Abnormality 9

Ancient Theories 9

Medieval Views 11

The Spread of Asylums 13

Moral Treatment in the Eighteenth and Nineteenth Centuries 14

The Emergence of Modern Perspectives 16

The Beginnings of Modern Biological Perspectives 16

The Psychoanalytic Perspective 17

The Roots of Behaviorism 18

The Cognitive Revolution 18

Modern Mental Health Care 19

Deinstitutionalization 19

Managed Care 20

Professions Within Abnormal Psychology 22

Chapter Integration 22

Shades of Gray Discussion 23

Think Critically 23

Chapter Summary 23

Key Terms 24

2 Theories and Treatment of Abnormality 26

Extraordinary People—Albert Ellis, *The Phobic Psychologist* 27

Approaches Along the Continuum 29

Biological Approaches 30

Brain Dysfunction 31

Biochemical Imbalances 33

Genetic Abnormalities 35

Drug Therapies 37

Electroconvulsive Therapy and Newer Brain Stimulation Techniques 38

Psychosurgery 39

Assessing Biological Approaches 39

Psychological Approaches 40

Behavioral Approaches 40

Cognitive Approaches 43

Psychodynamic Approaches 45

Humanistic Approaches 49

Family Systems Approaches 50

Emotion-Focused Approaches 51

Shades of Gray 52

Sociocultural Approaches 53

Cross-Cultural Issues in Treatment 53

Culturally Specific Therapies 56

Assessing Sociocultural Approaches 57

Prevention Programs	57
