## APPENDIX B

## Standard Forms for Business Documents

Reference manuals, such as The Gregg Reference Manual, provide a variety of letter and memorandum styles, as well as styles for reports and other documents. Many businesses also have their own styles for documents. This appendix includes two basic styles-a business letter and a memorandum. It also shows the most common format for a continuation page (used for either letters or memos).

TABLE B-1 Parts of a Letter

| Part of Letter | Location/Description |
| :---: | :---: |
| Heading |  |
| Letterhead or return address | Often appears on preprinted stationery; can also be created in Word. Includes the company name, address, and other contact information. |
| Date line | Two inches from the top of the page on letterhead stationery or on the third line below a Word letterhead. Use date format shown in Figure B-1. |
| Opening |  |
| Inside address | Starts on the fourth line below the date; consists of name and address (and possibly company name and job title) of person to whom you are writing. |
| Salutation | On the second line below the inside address; typically includes a courtesy title (Mr., Mrs., Ms., Miss) and ends with a colon. |
| Body |  |
| Message | Content of the letter, single-spaced with one blank line between paragraphs. |
| Closing |  |
| Complimentary closing | On the second line below the last line of the body of the letter. Common closings are "Sincerely" or "Sincerely yours" followed by a comma. |
| Writer's identification | On the fourth line below the closing, to leave space for a signature; includes the writer's name and job title (and sometimes the department). |
| Reference initials | On the second line below the writer's name and title; consists of the typist's initials in small letters. |
| Enclosure notation | On a new line below the reference initials if letter has an enclosure. Specify the number of enclosures. Can also use "Attachment" if enclosure is attached. |
| Optional features | Filename notation-indicates document name for reference purposes; delivery notation-method of delivery (other than regular mail); copy notation-people who will receive copies of the letter (usually begins with "c:" or "cc:") |

TABLE B-2 Parts of a Memo

| Part of Memo | Location/Description |
| :--- | :--- |
| Heading | Starts 2 inches from top of page using plain paper or letterhead stationery or <br> on third line below memo letterhead. Consists of guide words ("MEMO TO," <br> "FROM," "DATE," and "SUBJECT") in capital letters followed by a colon. Entries <br> after guide words align at a 1-inch left tab setting. Use the date format shown in <br> Figure B-3. |
| Body | Starts on the third line below the memo heading; contains the message, <br> single-spaced with one blank line between paragraphs. |
| Closing | On the second line below the last paragraph; includes reference initials (the <br> typist's initials in small letters). Might also include an enclosure notation, a file <br> name notation, and a copy notation or distribution list. |

Memorandum style

In an effort to keep our health premiums low and our health benefits high, Campbell's Confections is planning a "Health Screening Day." We hope to have a high turnout, and if the day is successful, we may plan a Health Screening Day each year.

1-line space between paragraphs
All reports and research studies that we have analyzed have convinced us that the more workers know about their health, the more likely they are to take the initiative to improve it. If we empower our employees regarding their health habits, the more likely we will reap the benefits of fewer health insurance claims. Even more noticeable should be a lower absenteeism rate and fewer sick days accrued.

We are tentatively studying the following categories:
E Height and weight
E BMI (body mass index) and weight loss

- Body composition analysis (to determine safe levels of body fat percentages)
- Obesity and weight loss
- Blood pressure and pulse for hypertension monitoring
- Blood typing
- Diabetes screening
- Cholesterol ratios and triglycerides
- Flexibility analysis
- Reflextime
- Glaucoma screening
- Allergy screening
- Asthma screening

Download the Health Screening worksheet from the Web site, and poll all employees to record their interest level. Fax the completed worksheet to me by March 17. Thank you for your assistance.

## APPENDIX C

## Quick Reference Guide

TABLE C-1 Prefixes for Major Objects—Leszynski Naming Conventions

| Prefix | Object Type | Example |
| :--- | :--- | :--- |
| tbl | Table | tblEmployees |
| qry | Query | qryKitSuppliers |
| frm | Form | frmStuffedAnimals |
| rpt | Report | rptlnventoryValue |
| mcr | Macro | mcrPreviewReport |
| bas | Module | basMyProgram |

TABLE C-2 Custom Formats-Text and Memo

| Symbol | Description |
| :--- | :--- |
| @ | Text character (either a character or a space) is required |
| \& | Text character is not required |
| $<$ | Force all characters to lowercase |
| $>$ | Force all characters to uppercase |

TABLE C-3 Number Field Size Settings

| Setting Precision | Stores Number From Decimal Storage Size |  |  |
| :--- | :--- | :--- | :--- |
| Byte 0 to 255 | (None) | 1 byte |  |
| Integer | $-32,768$ to $+32,767$ | (None) | 2 bytes |
| Long Integer | $-2,147,483,648$ to |  |  |
|  | $+2,147,483,647$ | (None) | 4 bytes |
| Single | $-3.40 \times 10^{38}$ to |  |  |
|  | $+3.40 \times 10^{38}$ | 7 | 4 bytes |
| Double | $-1.79 \times 10^{308}$ to |  |  |
|  | $+1.79 \times 10^{308}$ | 15 | 8 bytes |
| Decimal | $-10^{28}$ to $+10^{28}$ | 28 | 12 bytes |

TABLE C-4 Access 2007 Database Specifications

| Attribute | Maximum |
| :--- | :--- |
| Access database (.accdb) file size | 2 gigabytes |
| Number of objects in a database | 32,768 |
| Number of modules (including forms and reports modules) | 1,000 |
| Number of characters in an object name | 64 |
| Number of concurrent users | 255 |

TABLE C-5 Custom Input Masks

| Symbol | Description |
| :--- | :--- |
| 0 | Digit (0 to 9, entry required) |
| q | Digit or space (entry optional) |
| \# | Digit or space (entry optional; spaces are displayed as blanks while <br> in Edit mode, but blanks are removed when data are saved) |
| L | Letter (A to Z, entry required) |
| ? | Letter (A to Z, entry optional) |
