**Preface vi**

**About the Author xvi**

## Chapter 1

### **International Economics Is Different 1**

Four Controversies 1

*Imports of Automobile Tires 1*

*Immigration 4*

*China's Exchange Rate 5*

*Global Financial and Economic Crisis 7*

Economics and the Nation-State 10

*Factor Mobility 10*

*Different Fiscal Policies 11*

*Different Moneys 11*

The Scheme of This Book 12

## PART ONE

### **THE THEORY OF INTERNATIONAL TRADE 13**

## Chapter 2

### **The Basic Theory Using Demand and Supply 15**

Four Questions about Trade 16

A Look Ahead 16

Demand and Supply 17

*Demand 17*

*Consumer Surplus 18*

**Case Study** *Trade Is Important 20*

*Supply 20*

**Global Crisis** *The Trade Mini-Collapse of 2009 22*

*Producer Surplus 22*

*A National Market with No Trade 24*

Two National Markets and the Opening of Trade 25

*Free-Trade Equilibrium 26*

*Effects in the Importing Country 27*

*Effects in the Exporting Country 29*

*Which Country Gains More? 30*

Summary: Early Answers to the Four Trade Questions 30

Key Terms 31

Suggested Reading 31

Questions and Problems 31

## Chapter 3

### **Why Everybody Trades: Comparative Advantage 33**

Adam Smith's Theory of Absolute Advantage 34

**Case Study** *Mercantilism: Older Than Smith—and Alive Today 35*

Ricardo's Theory of Comparative Advantage 37

Ricardo's Constant Costs and the Production-Possibility Curve 40

**Focus on Labor** *Absolute Advantage Does Matter 42*

**Extension** *What If Trade Doesn't Balance? 44*

Summary 45

Key Terms 46

Suggested Reading 46

Questions and Problems 46

## Chapter 4

### **Trade: Factor Availability and Factor Proportions Are Key 49**

Production with Increasing Marginal Costs 50

*What's Behind the Bowed-Out Production-Possibility Curve? 50*

*What Production Combination Is Actually Chosen? 52*

Community Indifference Curves 53  
Production and Consumption Together 55

*Without Trade* 55

*With Trade* 56

**Focus on China** *The Opening of Trade and*

*China's Shift Out of Agriculture* 58

*Demand and Supply Curves Again* 60

The Gains from Trade 60

Trade Affects Production and  
Consumption 61

What Determines the Trade Pattern? 62

The Heckscher–Ohlin (H–O) Theory 63

Summary 64

Key Terms 65

Suggested Reading 65

Questions and Problems 65

## Chapter 5

### Who Gains and Who Loses from Trade? 69

Who Gains and Who Loses within a  
Country 69

*Short-Run Effects of Opening Trade* 70

*Long-Run Factor-Price Response* 70

Three Implications of the H–O Theory 72

*The Stolper–Samuelson Theorem* 72

**Extension** *A Factor-Ratio Paradox* 73

*The Specialized-Factor Pattern* 75

*The Factor-Price Equalization Theorem* 75

Does Heckscher–Ohlin Explain Actual Trade  
Patterns? 76

*Factor Endowments* 77

**Case Study** *The Leontief Paradox* 78

*International Trade* 79

What Are the Export-Oriented and  
Import-Competing Factors? 81

*The U.S. Pattern* 81

*The Canadian Pattern* 81

**Focus on China** *China's Exports and*

*Imports* 82

*Patterns in Other Countries* 84

Do Factor Prices Equalize Internationally? 84

**Focus on Labor** *U.S. Jobs and Foreign Trade* 86

Summary: Fuller Answers to the Four Trade

Questions 87

Key Terms 88

Suggested Reading 88

Questions and Problems 88

## Chapter 6

### Scale Economies, Imperfect Competition, and Trade 91

Scale Economies 92

*Internal Scale Economies* 93

*External Scale Economies* 94

Intra-Industry Trade 95

*How Important Is Intra-Industry Trade?* 96

*What Explains Intra-Industry Trade?* 97

Monopolistic Competition and Trade 98

*The Market with No Trade* 100

*Opening to Free Trade* 101

*Basis for Trade* 103

**Extension** *The Individual Firm in Monopolistic  
Competition* 104

*Gains from Trade* 106

Oligopoly and International Trade 107

**Extension** *The Gravity Model of Trade* 108

*Substantial Scale Economies* 110

*Oligopoly Pricing* 110

External Scale Economies and Trade 112

Summary: How Does Trade Really Work? 114

Key Terms 117

Suggested Reading 117

Questions and Problems 117

## Chapter 7

### Growth and Trade 121

Balanced versus Biased Growth 122

Growth in Only One Factor 123

Changes in the Country's Willingness to  
Trade 124

**Case Study** *The Dutch Disease and*

*Deindustrialization* 127

Effects on the Country's Terms of Trade 127

*Small Country* 128

*Large Country* 128

*Immiserizing Growth* 129

Technology and Trade 131

*Individual Products and the Product Cycle* 133

**Focus on Labor** *Trade, Technology, and**U.S. Wages* 134*Openness to Trade Affects Growth* 134

Summary 137

Key Terms 138

Suggested Reading 138

Questions and Problems 139

**PART TWO****TRADE POLICY 141****Chapter 8****Analysis of a Tariff 143****Global Governance** *WTO and GATT: Tariff**Success* 144

A Preview of Conclusions 146

The Effect of a Tariff on Domestic

Producers 147

The Effect of a Tariff on Domestic

Consumers 149

The Tariff as Government Revenue 151

The Net National Loss from a Tariff 151

**Extension** *The Effective Rate of Protection* 154**Case Study** *They Tax Exports, Too* 156

The Terms-of-Trade Effect and a Nationally

Optimal Tariff 158

Summary 162

Key Terms 163

Suggested Reading 163

Questions and Problems 164

**Chapter 9****Nontariff Barriers to Imports 167**

Types of Nontariff Barriers to Imports 167

The Import Quota 169

**Global Governance** *The WTO: Beyond*  
*Tariffs* 170*Quota versus Tariff for a Small Country* 172**Global Crisis** *Dodging Protectionism* 173*Ways to Allocate Import Licenses* 175**Extension** *A Domestic Monopoly Prefers*  
*a Quota* 176*Quota versus Tariff for a Large Country* 179

Voluntary Export Restraints (VERs) 180

Other Nontariff Barriers 182

*Product Standards* 182**Case Study** *VERs: Two Examples* 183*Domestic Content Requirements* 185**Case Study** *Carrots Are Fruit, Snails Are Fish,*  
*and X-Men Are Not Humans* 186*Government Procurement* 187

How Big Are the Costs of Protection? 187

*As a Percentage of GDP* 187*As the Extra Cost of Helping Domestic*  
*Producers* 189

International Trade Disputes 190

*America's "Section 301": Unilateral Pressure* 190**Focus on China** *China's First Decade in the*  
*WTO* 191*Dispute Settlement in the WTO* 193

Summary 194

Key Terms 195

Suggested Reading 195

Questions and Problems 196

**Chapter 10****Arguments for and against**  
**Protection 199**

The Ideal World of First Best 200

The Realistic World of Second Best 201

*Government Policies toward Externalities* 203*The Specificity Rule* 203

Promoting Domestic Production or

Employment 204

The Infant Industry Argument 208

*How It Is Supposed to Work* 208*How Valid Is It?* 209**Focus on Labor** *How Much Does It Cost to*  
*Protect a Job?* 210The Dying Industry Argument and Adjustment  
Assistance 213*Should the Government Intervene?* 213*Trade Adjustment Assistance* 214The Developing Government (Public Revenue)  
Argument 216Other Arguments for Protection: Noneconomic  
Objectives 216*National Pride* 217*National Defense* 217

Income Redistribution	218
The Politics of Protection	218
<i>The Basic Elements of the Political-Economic Analysis</i>	218
<i>When Are Tariffs Unlikely?</i>	219
<i>When Are Tariffs Likely?</i>	220
<b>Case Study</b> <i>How Sweet It Is (or Isn't)</i>	222
<i>Applications to Other Trade-Policy Patterns</i>	223
Summary	224
Key Terms	226
Suggested Reading	227
Questions and Problems	227

## Chapter 11

### Pushing Exports 229

Dumping	229
Reacting to Dumping: What Should a Dumpee Think?	232
Actual Antidumping Policies: What Is Unfair?	233
<b>Case Study</b> <i>Antidumping in Action</i>	236
Proposals for Reform	239
Export Subsidies	241
<i>Exportable Product, Small Exporting Country</i>	242
<i>Exportable Product, Large Exporting Country</i>	243
<i>Switching an Importable Product into an Exportable Product</i>	244
WTO Rules on Subsidies	246
Should the Importing Country Impose Countervailing Duties?	246
<b>Case Study</b> <i>Agriculture Is Amazing</i>	248
Strategic Export Subsidies Could Be Good	251
<b>Global Governance</b> <i>Dogfight at the WTO</i>	252
Summary	256
Key Terms	257
Suggested Reading	257
Questions and Problems	257

## Chapter 12

### Trade Blocs and Trade Blocks 259

Types of Economic Blocs	259
Is Trade Discrimination Good or Bad?	260
The Basic Theory of Trade Blocs: Trade Creation and Trade Diversion	262

Other Possible Gains from a Trade Bloc	265
The EU Experience	266
<b>Case Study</b> <i>Postwar Trade Integration in Europe</i>	268
North America Becomes a Bloc	269
<i>NAFTA: Provisions and Controversies</i>	270
<i>NAFTA: Effects</i>	270
<i>Rules of Origin</i>	272
Trade Blocs among Developing Countries	272
Trade Embargoes	274
Summary	279
Key Terms	280
Suggested Reading	280
Questions and Problems	280

## Chapter 13

### Trade and the Environment 283

Is Free Trade Anti-Environment?	283
Is the WTO Anti-Environment?	288
<b>Global Governance</b> <i>Dolphins, Turtles, and the WTO</i>	290
The Specificity Rule Again	292
A Preview of Policy Prescriptions	293
Trade and Domestic Pollution	295
Transborder Pollution	298
<i>The Right Solution</i>	299
<i>A Next-Best Solution</i>	301
<i>NAFTA and the Environment</i>	302
Global Environmental Challenges	303
<i>Global Problems Need Global Solutions</i>	303
<i>Extinction of Species</i>	305
<i>Overfishing</i>	306
<i>CFCs and Ozone</i>	307
<i>Greenhouse Gases and Global Warming</i>	308
Summary	313
Key Terms	314
Suggested Reading	314
Questions and Problems	315

## Chapter 14

### Trade Policies for Developing Countries 317

Which Trade Policy for Developing Countries?	319
--	-----

Are the Long-Run Price Trends against  
Primary Producers? 321

**Case Study** *Special Challenges of  
Transition* 322

International Cartels to Raise Primary-Product  
Prices 327

*The OPEC Victories* 327

*Classic Monopoly as an Extreme Model  
for Cartels* 328

*The Limits to and Erosion of Cartel Power* 330

*The Oil Price Increase since 1999* 331

*Other Primary Products* 332

Import-Substituting Industrialization (ISI) 332

*ISI at Its Best* 333

*Experience with ISI* 334

Exports of Manufactures to Industrial  
Countries 337

Summary 338

Key Terms 339

Suggested Reading 339

Questions and Problems 340

## Chapter 15

**Multinationals and Migration:  
International Factor Movements** 343

Foreign Direct Investment 344

Multinational Enterprises 346

FDI: History and Current Patterns 347

Why Do Multinational Enterprises Exist? 349

*Inherent Disadvantages* 350

*Firm-Specific Advantages* 350

*Location Factors* 351

*Internalization Advantages* 352

*Oligopolistic Rivalry* 353

Taxation of Multinational Enterprises'

Profits 353

**Case Study** *CEMEX: A Model Multinational  
from an Unusual Place* 354

MNEs and International Trade 356

Should the Home Country Restrict FDI

Outflows? 358

Should the Host Country Restrict FDI

Inflows? 359

**Focus on China** *China as a Host  
Country* 360

Migration 363

How Migration Affects Labor Markets 366

Should the Sending Country Restrict  
Emigration? 369

Should the Receiving Country Restrict  
Immigration? 370

*Effects on the Government Budget* 370

*External Costs and Benefits* 370

*What Policies to Select Immigrants?* 371

**Case Study** *Are Immigrants a Fiscal  
Burden?* 372

Summary 374

Key Terms 376

Suggested Reading 376

Questions and Problems 376

## PART THREE

**UNDERSTANDING FOREIGN  
EXCHANGE** 379

### Chapter 16

**Payments among Nations** 381

Accounting Principles 381

A Country's Balance of Payments 382

*Current Account* 382

*Financial Account* 384

*Official International Reserves* 385

*Statistical Discrepancy* 386

The Macro Meaning of the Current Account  
Balance 386

The Macro Meaning of the Overall  
Balance 391

The International Investment Position 392

Summary 394

Key Terms 395

Suggested Reading 395

Questions and Problems 395

### Chapter 17

**The Foreign Exchange Market** 399

The Basics of Currency Trading 400

**Case Study** *Brussels Sprouts a New  
Currency: €* 402

*Using the Foreign Exchange Market* 403

<b>Case Study</b>	<i>Foreign Exchange Trading</i>	404
	<i>Interbank Foreign Exchange Trading</i>	405
Demand and Supply for Foreign Exchange		406
	<i>Floating Exchange Rates</i>	407
	<i>Fixed Exchange Rates</i>	409
	<i>Current Arrangements</i>	410
Arbitrage within the Spot Exchange Market		411
Summary		412
Key Terms		412
Suggested Reading		412
Questions and Problems		413

## Chapter 18

### Forward Exchange and International Financial Investment 415

Exchange-Rate Risk	415	
The Market Basics of Forward Foreign Exchange	416	
	<i>hedging Using Forward Foreign Exchange</i>	417
	<i>Speculating Using Forward Foreign Exchange</i>	418
<b>Extension</b>	<i>Futures, Options, and Swaps</i>	420
International Financial Investment	422	
International Investment with Cover	423	
	<i>Covered Interest Arbitrage</i>	425
	<i>Covered Interest Parity</i>	426
International Investment without Cover	427	
<b>Case Study</b>	<i>The World's Greatest Investor</i>	430
Does Interest Parity Really Hold? Empirical Evidence	432	
	<i>Evidence on Covered Interest Parity</i>	432
	<i>Evidence on Uncovered Interest Parity</i>	433
<b>Case Study</b>	<i>Eurocurrencies: Not (Just) Euros and Not Regulated</i>	434
<b>Global Crisis</b>	<i>Covered Interest Parity Breaks Down</i>	436
	<i>Evidence on Forward Exchange Rates and Expected Future Spot Exchange Rates</i>	438
Summary	438	
Key Terms	440	
Suggested Reading	440	
Questions and Problems	440	

## Chapter 19

### What Determines Exchange Rates? 443

A Road Map	445	
Exchange Rates in the Short Run	446	
	<i>The Role of Interest Rates</i>	447
	<i>The Role of the Expected Future Spot Exchange Rate</i>	448
The Long Run: Purchasing Power Parity (PPP)	450	
	<i>The Law of One Price</i>	451
	<i>Absolute Purchasing Power Parity</i>	451
	<i>Relative Purchasing Power Parity</i>	452
<b>Case Study</b>	<i>PPP from Time to Time</i>	453
<b>Case Study</b>	<i>Price Gaps and International Income Comparisons</i>	454
	<i>Relative PPP: Evidence</i>	456
The Long Run: The Monetary Approach	459	
	<i>Money, Price Levels, and Inflation</i>	459
	<i>Money and PPP Combined</i>	460
	<i>The Effect of Money Supplies on an Exchange Rate</i>	461
	<i>The Effect of Real Incomes on an Exchange Rate</i>	461
Exchange-Rate Overshooting	462	
How Well Can We Predict Exchange Rates?	465	
<b>Extension</b>	<i>Tracking the Exchange-Rate Value of a Currency</i>	466
Summary	469	
Key Terms	470	
Suggested Reading	471	
Questions and Problems	471	

## Chapter 20

### Government Policies toward the Foreign Exchange Market 475

Two Aspects: Rate Flexibility and Restrictions on Use	476	
Floating Exchange Rate	477	
Fixed Exchange Rate	477	
	<i>What to Fix To?</i>	478
	<i>When to Change the Fixed Rate?</i>	478
	<i>Defending a Fixed Exchange Rate</i>	480

Defense through Official Intervention	481
<i>Defending against Depreciation</i>	481
<i>Defending against Appreciation</i>	483
<i>Temporary Disequilibrium</i>	485
<i>Disequilibrium That Is Not Temporary</i>	486
Exchange Control	488
International Currency Experience	491
<i>The Gold Standard Era, 1870–1914 (One Version of Fixed Rates)</i>	492
<i>Interwar Instability</i>	495
<i>The Bretton Woods Era, 1944–1971 (Adjustable Pegged Rates)</i>	497
<b>Global Governance</b> <i>The International Monetary Fund</i>	498
<i>The Current System: Limited Anarchy</i>	503
Summary	507
Key Terms	509
Suggested Reading	510
Questions and Problems	510

## Chapter 21

### International Lending and Financial Crises 513

Gains and Losses from Well-Behaved International Lending	514
Taxes on International Lending	516
International Lending to Developing Countries	517
<i>The Surge in International Lending, 1974–1982</i>	518
<i>The Debt Crisis of 1982</i>	519
<i>The Resurgence of Capital Flows in the 1990s</i>	519
<i>The Mexican Crisis, 1994–1995</i>	521
<i>The Asian Crisis, 1997</i>	523
<i>The Russian Crisis, 1998</i>	523
<b>Global Governance</b> <i>Short of Reserves? Call 1-800-IMF-LOAN</i>	524
<i>The Brazilian Crisis, 1999</i>	527
<i>The Turkish Crisis, 2001</i>	527
<i>Argentina's Crisis, 2001–2002</i>	528
Financial Crises: What Can and Does Go Wrong	529

<i>Waves of Overlending and Overborrowing</i>	529
<b>Extension</b> <i>The Special Case of Sovereign Debt</i>	530
<i>Exogenous International Shocks</i>	532
<i>Exchange-Rate Risk</i>	532
<i>Fickle International Short-Term Lending</i>	532
<i>Global Contagion</i>	533
<b>Global Crisis</b> <i>Insights and Parallels: This Time Is Not Different</i>	534
Resolving Financial Crises	536
<i>Rescue Packages</i>	536
<i>Debt Restructuring</i>	537
Reducing the Frequency of Financial Crises	539
<b>Global Governance</b> <i>Mighty Joe Meets the Incredible Monetary Force</i>	540
<i>Bank Regulation and Supervision</i>	541
<i>Capital Controls</i>	542
Summary	543
Key Terms	545
Suggested Reading	545
Questions and Problems	545

## PART FOUR

### MACRO POLICIES FOR OPEN ECONOMIES 547

#### Chapter 22

#### How Does the Open Macroeconomy Work? 549

The Performance of a National Economy	549
A Framework for Macroeconomic Analysis	550
Domestic Production Depends on Aggregate Demand	551
Trade Depends on Income	553
Equilibrium GDP and Spending Multipliers	553
<i>Equilibrium GDP</i>	553
<i>The Spending Multiplier in a Small Open Economy</i>	555
<i>Foreign Spillovers and Foreign-Income Repercussions</i>	557

A More Complete Framework: Three Markets 559

*The Domestic Product Market* 560

*The Money Market* 562

*The Foreign Exchange Market (or Balance of Payments)* 564

*Three Markets Together* 567

The Price Level Does Change 568

Trade Also Depends on Price Competitiveness 569

Summary 570

Key Terms 572

Suggested Reading 573

Questions and Problems 573

## Chapter 23

### Internal and External Balance with Fixed Exchange Rates 575

From the Balance of Payments to the Money Supply 576

From the Money Supply Back to the Balance of Payments 579

Sterilization 582

Monetary Policy with Fixed Exchange Rates 584

Fiscal Policy with Fixed Exchange Rates 585

Perfect Capital Mobility 588

Shocks to the Economy 590

*Internal Shocks* 590

*International Capital-Flow Shocks* 590

*International Trade Shocks* 592

Imbalances and Policy Responses 594

*Internal and External Imbalances* 594

**Case Study** *A Tale of Three Countries* 596

*A Short-Run Solution: Monetary–Fiscal Mix* 599

Surrender: Changing the Exchange Rate 601

How Well Does the Trade Balance Respond to Changes in the Exchange Rate? 604

*How the Response Could Be Unstable* 605

*Why the Response Is Probably Stable* 606

*Timing: The J Curve* 607

Summary 608

Key Terms 610

Suggested Reading 611

Questions and Problems 611

## Chapter 24

### Floating Exchange Rates and Internal Balance 613

Monetary Policy with Floating Exchange Rates 614

Fiscal Policy with Floating Exchange Rates 617

Shocks to the Economy 619

*Internal Shocks* 619

**Case Study** *Why Are U.S. Trade Deficits So Big?* 620

*International Capital-Flow Shocks* 622

*International Trade Shocks* 623

Internal Imbalance and Policy Responses 624

International Macroeconomic Policy Coordination 625

**Global Crisis** *Liquidity Trap!* 626

**Case Study** *Can Governments Manage the Float?* 629

**Global Crisis** *Central Bank Liquidity Swaps* 632

Summary 633

Key Terms 634

Suggested Reading 635

Questions and Problems 635

## Chapter 25

### National and Global Choices: Floating Rates and the Alternatives 637

Key Issues in the Choice of Exchange-Rate Policy 638

*Effects of Macroeconomic Shocks* 638

**Case Study** *What Role for Gold?* 640

*The Effectiveness of Government Policies* 644

*Differences in Macroeconomic Goals, Priorities, and Policies* 645

*Controlling Inflation* 646

*Real Effects of Exchange-Rate*

*Variability* 648

National Choices 650

Extreme Fixes	652
<i>Currency Board</i>	652
<i>“Dollarization”</i>	653
The International Fix—Monetary Union	654
<i>Exchange-Rate Mechanism</i>	655
<i>European Monetary Union</i>	656
Summary	660
Key Terms	662
Suggested Reading	662
Questions and Problems	662

## APPENDIXES

<b>A</b>	The Web and the Library: International Numbers and Other Information	665
<b>B</b>	Deriving Production-Possibility Curves	669

<b>C</b>	Offer Curves	675
