Part One

DEFINING THE FIELD

1 The Field of Social Gerontology 2

The Field of Gerontology 4

Defining the Terms 4

Successful Aging 4

Conceptual Issues in Research on Aging 4

Aging Around the World: Successful Aging on the Israeli Kibbutz 5

Defining Old Age 6

In Their Own Words: The Botox Diary 8

Cohorts and Generations 8

Ageism 10

Forms of Ageism 10

The New Ageism 10

Perpetuating Ageism through the Media 12

Diversity in the Aging Experience: Gender and the Double Standard of Aging 13

A Profile of Older Americans 15

Health 15

Marital Status 16

Income and Poverty 16

Education 18

Programs for Older People 21

Social Security 21

Medicare 21

Supplemental Security Income 21

2 Theories of Aging 24

The Origins of Social Gerontology 27

Micro Theories of Aging 28

Psychosocial Theories 28

In Their Own Words: Portraits of Engagement and Disengagement 29

Diversity in the Aging Experience: Religion and Personal Well-Being 32

The Individual and the Social System 33

Social Constructionism 36

Macro Theories of Aging 36

Age and Social Status 36

Aging Around the World: Cross-Cultural Variation in the Treatment of the Aged 39

Theories of Power and Inequality 42

An Issue for Public Policy: Should the World Bank Determine Public Pension Policies? 45

Critical Gerontology 45

3 Life Course Transitions 50

The Life Course Framework 52

Methodological Issues in Research on the Life Course 53

Age, Period, and Cohort Effects 53

Cross-Sectional Research 54

Longitudinal Research 55

Identifying Life Course Events 56

The Timing of Life Course Events 56

The Duration of Life Course Events 58

The Sequencing of Life Course Events 59

The Effect of Early Experiences on Adult Outcomes 60

Aging Around the World: The Effect of Military Service on German Veterans of World War II 62

In Their Own Words: Mourning a Lost Relationship 63

Demographic Change and Middle Age 63

The Theory of Cumulative Disadvantage 64

How Government Influences the Life Course 64

Diversity in the Aging Experience: Gender Inequality Across the Life Course 65

An Issue for Public Policy: Defining the Transition to Old Age 65

4 Demography of Aging 70

Sources of Population Data 72

In Their Own Words: Memories of Times Past 73

- Individual Aging Processes 73
 - Life Span 73
 - Life Expectancy 73
 - The Sex Ratio 74
- Population Aging 74
 - The Demographic Transition 74
 - International Variations in Population Aging 75
- Aging Around the World: Infant and Maternal Mortality in Afghanistan* 78
 - Dependency Ratios 79
- Population Trends in the United States 79
 - The Changing Age Structure 79
 - Fertility 80
 - An Issue for Public Policy: Will the Baby Boomers Consume the Federal Budget?* 81
 - Mortality 83
 - Migration 84
 - Diversity in the Aging Experience: Race and Gender Differences in Life Expectancy* 85
 - Dependency Ratio 87
 - Life Expectancy 87
 - The U.S. Sex Ratio 88

Part Two

INTERDISCIPLINARY PERSPECTIVES ON AGING

5 Historical Perspectives on Aging 94

- Were the Aged Venerated in Preindustrial Society? 96
 - Veneration in Non-Western Cultures 96
 - Veneration of the Aged in Colonial Times, 1620–1770 97
- In Their Own Words: Cotton Mather's Disdain for the Aged* 99
 - The Decline of Veneration of the Aged, 1770–1860 99
 - From Veneration to Degradation in the Post-Civil War Period, 1860–1920 101
 - Romanticizing the World We Have Lost 102
 - The Aged as a Social Problem, 1920–1970 102
