Online LearningCentre
with **POWERWEB**

The Online Learning Centre with PowerWeb which accompanies this text is an integrated online product designed to assist students and lecturers alike in getting the most from their course. This text provides a powerful learning experience beyond the printed page.

The premium content areas, which are accessed by registering the code at the front of this text, provide students with our exclusive online resources. After registration you will have seamless access to international PowerWeb articles.

Exclusive to McGraw-Hill, PowerWeb provides you with full text international articles on accounting, published in international journals and magazines. These articles are updated annually and are organised to each chapter of the text.

Welcome to the Online Learning Centre.

Students and Instructors

There are two editions of this online learning centre, one for **students**, and one for **instructors**. You can get to these from the links at the bottom left of this page.

The Student Online Learning Center is designed to enhance your learning and overall understanding of this subject. It contains content specific to this text with excellent online revision with MaxMark, international case studies with PowerWeb, and a daily news feed in marketing from Australian and Asia-Pacific media as part of our press gallery. These materials are designed to help you succeed in your course.

These features are "Premium" content. For access to **premium content**, you will need a **registration code**. The registration code is included on the card that came with your new textbook. If you have already registered, just enter your username and password when you are prompted to. If you have not registered to use premium content yet, please click on the *First Time Users* link to the left.

McGraw-Hill Higher Education

POWERPOINT® SLIDES

Microsoft PowerPoint® slides summarise the key points of each chapter. They can be downloaded as a valuable revision aid.

GLOSSARY

Unsure of an accounting term? The online glossary contains a quick reference to key terms and definitions

HAVE YOUR SAY!

The online learning centre also provides an email link to our webmaster and editorial department. We would welcome your feedback on any aspect of the text or on the supplementary material.
