Preface x  
Applications at a Glance xv

## PART I

### Professional Development and Responsibilities 1

#### Chapter 1 The Athletic Trainer as a Health Care

##### Provider 2

- Historical Perspectives 3
- Sports Medicine and Athletic Training 5
- Employment Settings for the Athletic Trainer 7
- Roles and Responsibilities of the Athletic Trainer 13
- Referring the Patient to Other Medical and Nonmedical Support Services and Personnel 28
- Recognition and Accreditation of the Athletic Trainer as an Allied Health Care Professional 31
- Requirements for Certification as an Athletic Trainer 33
- State Regulation of the Athletic Trainer 35
- Future Directions for the Athletic Trainer 36
- Summary 37

#### Chapter 2 Health Care Organization and Administration in Athletic Training 41

- Establishing a System for Athletic Training Health Care 42
- Issues Specific to Athletic Training Program Operation in the Secondary-School, College, or University Setting 42
- Issues Specific to Athletic Training Program Operation in the Clinic, Hospital, Corporate, or Industrial Setting 51
- Record Keeping 55
- Computers and Tablets as Tools for the Athletic Trainer 66

- Collecting Injury Data 67
- Summary 70

#### Chapter 3 Legal Concerns and Insurance Issues 73

- Legal Concerns for the Athletic Trainer 74
- Insurance Considerations 77
- Third-Party Reimbursement 80
- Summary 84

## PART II

### Risk Management 87

#### Chapter 4 Fitness and Conditioning Techniques 88

- The Relationship between Athletic Trainers and Strength and Conditioning Coaches 89
- Principles of Conditioning 89
- Warm-Up and Cool-Down 90
- Cardiorespiratory Endurance 91
- The Importance of Muscular Strength, Endurance, and Power 99
- Improving and Maintaining Flexibility 112
- Fitness Assessment 121
- Periodization in Conditioning 121
- Summary 123

#### Chapter 5 Nutrition and Supplements 128

- Nutrition Basics 129
- Energy Sources 130
- Regulator Nutrients 132
- Nutrient Requirements and Recommendations 135
- Dietary Supplements 137
- Eating and Drinking Practices 140
- Body Composition and Weight Control 146
- Summary 152

## **Chapter 6 Environmental Considerations 156**

- Hyperthermia 157
- Hypothermia 167
- Altitude Sickness 171
- Overexposure to Sun 172
- Lightning Safety 172
- Air Pollution 174
- Circadian Dysrhythmia (Jet Lag) 175
- Synthetic Turf 177
- Summary 177

## **Chapter 7 Protective Equipment 181**

- Safety Standards for Sports Equipment and Facilities 182
- Legal Concerns in Using Protective Equipment 182
- Equipment Reconditioning and Recertification 182
- Using Off-the-Shelf versus Custom Protective Equipment 183
- Head Protection 184
- Face Protection 189
- Neck Protection 192
- Trunk and Thorax Protection 192
- Lower-Extremity Protective Equipment 196
- Elbow, Wrist, and Hand Protection 203
- Construction of Protective and Supportive Devices 204
- Summary 208

## **Chapter 8 Wrapping and Taping 211**

- Wrapping 212
- Nonelastic and Elastic Adhesive Taping 220
- Common Taping Procedures 223
- Kinesio Taping 237
- Summary 239

## **PART III**

## **Pathology of Sports Injury 243**

### **Chapter 9 Mechanisms and Characteristics of Musculoskeletal and Nerve Trauma 244**

- Mechanical Injury 245
- Musculotendinous Unit Injuries 247
- Synovial Joint Injuries 251
- Bone Injuries 255
- Nerve Trauma 260
- Body Mechanics and Injury Susceptibility 261
- Summary 262

## **Chapter 10 Tissue Response to Injury 265**

- The Healing Process 266
- Soft-Tissue Healing 271
- Bone Healing 275
- Pain 277
- Summary 282

## **PART IV**

## **Management Skills 285**

### **Chapter 11 Psychosocial Intervention for Sports Injuries and Illnesses 286**

- The Psychological Response to Injury 287
- The Athlete and the Sociological Response to Injury 288
- Predictors of Injury 291
- Reacting to Athletes with Injuries 293
- Psychological Factors in the Rehabilitation Process 295
- Mental Training Techniques 297
- Mental Disorders 301
- Summary 303

### **Chapter 12 On-the-Field Acute Care and Emergency Procedures 306**

- The Emergency Action Plan 307
- Principles of On-the-Field Injury Assessment 309
- The Primary Survey 310
- The Secondary Survey 324
- Moving and Transporting the Injured Patient 331
- Emergency Emotional Care 336
- Proper Fit and Use of the Crutch or Cane 338
- Summary 340

### **Chapter 13 Off-the-Field Injury Evaluation 344**

- Clinical Evaluation and Diagnosis 345
- Basic Knowledge Requirements 345
- Progress Evaluations 358
- Documenting Injury Evaluation Information 359
- SOAP Notes 359
- Additional Diagnostic Tests Used by a Physician 362
- Ergonomic Risk Assessment 368
- Summary 369

**Chapter 14 Infectious Diseases, Bloodborne Pathogens, and Universal Precautions 372**

Infectious Diseases 373

Bloodborne Pathogens 376

Universal Precautions in an Athletic Environment 382

Summary 385

**Chapter 15 Using Therapeutic Modalities 388**

Legal Concerns 389

Classification of Therapeutic Modalities 389

Thermal Conductive Energy Modalities 389

Electrical Energy Modalities 397

Electromagnetic Energy Modalities 402

Sound Energy Modalities 404

Mechanical Energy Modalities 408

Modalities Not Commonly Used by Athletic Trainers 415

Recording Therapeutic Modality Treatments 415

Safety in Using Therapeutic Modalities 416

Evidence-Based Data Regarding Therapeutic Modality Use 416

Summary 417

**Chapter 16 Using Therapeutic Exercise in Rehabilitation 421**

The Athletic Trainer's Approach to Rehabilitation 422

Therapeutic Exercise versus Conditioning Exercise 422

Sudden Physical Inactivity and Injury Immobilization 423

Major Components of a Rehabilitation Program 423

Developing a Rehabilitation Plan 431

Additional Approaches to Therapeutic Exercise in Rehabilitation 434

Purchasing and Maintaining Therapeutic Exercise Equipment 448

Summary 448

**Chapter 17 Pharmacology, Drugs, and Sports 453**

What Is a Drug? 454

Pharmacokinetics 454

Legal Concerns in Administering versus Dispensing Drugs 456

Selected Therapeutic Drugs 461

Drugs That Can Increase the Rate of Heat Illness 474

Protocols for Using Over-the-Counter Medications 474

Substance Abuse among Athletes 474

Drug Testing in Athletes 487

Summary 491

**PART V**

**Musculoskeletal Conditions 495**

**Chapter 18 The Foot 496**

Foot Anatomy 497

Functional Anatomy and Foot Biomechanics 504

Prevention of Foot Injuries 507

Foot Assessment 508

Recognition and Management of Specific Injuries 511

Foot Rehabilitation 525

Summary 530

**Chapter 19 The Ankle and Lower Leg 534**

Anatomy of the Ankle and Lower Leg 535

Functional Anatomy 540

Preventing Injury to the Ankle and Lower Leg 540

Assessing the Ankle and Lower Leg 541

Recognition of Specific Injuries 545

Rehabilitation Techniques for the Ankle and Lower Leg 560

Summary 565

**Chapter 20 The Knee and Related Structures 569**

Anatomy of the Knee 570

Functional Anatomy 576

Assessing the Knee Joint 577

Prevention of Knee Injuries 591

Recognition and Management of Specific Injuries 592

Knee Joint Rehabilitation 609

Summary 614

**Chapter 21 The Thigh, Hip, Groin, and Pelvis 618**

Anatomy of the Thigh 619

Functional Anatomy of the Thigh 621

Assessment of the Thigh 622

Prevention of Injuries to the Thigh, Hip, Groin, and Pelvic Region 623

Recognition and Management of Thigh Injuries 623

Anatomy of the Hip, Groin, and Pelvic Region 627  
Functional Anatomy of the Hip, Groin, and Pelvic Region 632  
Assessment of the Hip, Groin, and Pelvis 633  
Recognition and Management of Specific Hip, Groin, and Pelvic Injuries 637  
Thigh and Hip Rehabilitation Techniques 645  
Summary 650

## **Chapter 22 The Shoulder Complex 653**

Anatomy of the Shoulder 654  
Functional Anatomy 661  
Prevention of Shoulder Injuries 662  
Assessment of the Shoulder Complex 663  
Recognition and Management of Specific Injuries 670  
Throwing Mechanics 683  
Rehabilitation of the Shoulder Complex 685  
Summary 692

## **Chapter 23 The Elbow 697**

Anatomy of the Elbow Joint 698  
Functional Anatomy 702  
Assessment of the Elbow 703  
Recognition and Management of Injuries to the Elbow 706  
Rehabilitation of the Elbow 713  
Summary 717

## **Chapter 24 The Forearm, Wrist, Hand, and Fingers 720**

Anatomy of the Forearm 721  
Assessment of the Forearm 721  
Recognition and Management of Injuries to the Forearm 725  
Anatomy of the Wrist, Hand, and Fingers 727  
Assessment of the Wrist, Hand, and Fingers 731  
Recognition and Management of Injuries to the Wrist, Hand, and Fingers 734  
Rehabilitation of Injuries to the Forearm, Wrist, Hand, and Fingers 745  
Summary 750

## **Chapter 25 The Spine 753**

Anatomy of the Spine 754  
Functional Anatomy 761  
Prevention of Injuries to the Spine 761  
Assessment of the Spine 764

Recognition and Management of Specific Injuries and Conditions 776  
Rehabilitation Techniques for the Neck 792  
Rehabilitation Techniques for the Low Back 794  
Summary 801

## **PART VI**

## **General Medical Conditions 805**

### **Chapter 26 The Head, Face, Eyes, Ears, Nose, and Throat 806**

Prevention of Injuries to the Head, Face, Eyes, Ears, Nose, and Throat 807  
The Head 807  
The Face 824  
Dental Injuries 827  
Nasal Injuries 828  
Ear Injuries 830  
Eye Injuries 832  
Throat Injuries 838  
Summary 838

### **Chapter 27 The Thorax and Abdomen 842**

Anatomy of the Thorax 843  
Anatomy of the Abdomen 845  
Prevention of Injuries to the Thorax and Abdomen 851  
Assessment of the Thorax and Abdomen 851  
Recognition and Management of Specific Injuries and Conditions of the Thoracic Region 856  
Recognition and Management of Specific Injuries and Conditions of the Abdomen 863  
Injuries and Conditions Related to the Digestive System 864  
Summary 872

### **Chapter 28 Skin Disorders 876**

Skin Anatomy and Function 877  
Skin Lesions Defined 878  
Skin Trauma 880  
Bacterial Infections 888  
Fungal Infections 892  
Viral Infections 894  
Allergic, Thermal, and Chemical Skin Reactions 897  
Infestation and Bites 899  
Other Skin Conditions 902  
Summary 904

## Chapter 29 Additional General Medical Conditions 907

The Role of the Immune System	908
Viral Infections	908
Respiratory Conditions	911
Muscular System Disorders	914
Nervous System Disorders	915
Blood and Lymph Disorders	916
Endocrine System Disorders	917
Seizure Disorders	919
Hypertension (High Blood Pressure)	920
Cancer	920
Sexually Transmitted Diseases (STDs)	921
Menstrual Irregularities and the Female Reproductive System	923
Summary	927

## Appendixes

Appendix A	Addresses of Professional Sports Medicine Organizations	931
Appendix B	NATA Position, Official, Consensus, and Support Statements	933
Appendix C	Sports Medicine–Related Journals	935
Appendix D	Sample Résumé	936
Appendix E	NATA Code of Ethics	937
Glossary		938
Credits		942
Index		944
