Name _____ Period _____ Date_____

UNIT (**3**) Using the Internet) Unit Closer)

Projects Across the Curriculum 2 (page 122-123)

Race Through the Web

Directions: After you have finished your project, determine whether you have completed the criteria listed in the left column. Fill in the checklist in the shaded columns below and then turn the rubric in to your teacher along with your project.

	Student Checklist		Teacher Evaluation
Criteria	**Completed**	**Not Completed**	**Comments**
Race against a classmate to see who can find the northernmost town in the world by doing a Boolean search			
Check at least five sites to ensure the name of the town is correct			
Find out how many months each season there lasts			
Find out how long the days and nights are in this town in January and July			
Find out what the average temperatures are for the months of January and July in this town			
Write a one-page essay using Microsoft Word, or a pen and paper describing the keywords and Boolean operators that worked best for your search			
Explain in your essay the process you went through to find the information on the Web			
Use correct spelling, punctuation, and grammar			
Edit to make your essay or poster clear and free of errors
