

## Reading Tip

Graphic organizers such as the Cause-Effect organizer help you organize what you are reading so you can remember it later.

### Target Your Reading

Use this to focus on the main ideas as you read the chapter.

- 1 Before you read** the chapter, respond to the statements below on your worksheet or on a numbered sheet of paper.
  - Write an **A** if you **agree** with the statement.
  - Write a **D** if you **disagree** with the statement.
- 2 After you read** the chapter, look back to this page to see if you've changed your mind about any of the statements.
  - If any of your answers changed, explain why.
  - Change any false statements into true statements.
  - Use your revised statements as a study guide.

Before You Read A or D	Statement	After You Read A or D
	<b>1</b> Plantlike protists cannot make their own food.	
	<b>2</b> An amoeba is an animal-like protist.	
	<b>3</b> Algae can be microscopic or as large as 100 m in length.	
	<b>4</b> Animal-like protists do not cause diseases in humans.	
	<b>5</b> Funguslike protists can damage other protists, plants, and animals.	
	<b>6</b> Some fungi feed on dead organisms and others feed on living organisms.	
	<b>7</b> Fungi reproduce by spores.	
	<b>8</b> Lichens are fungi that help break down decaying plants.	
	<b>9</b> Some fungi have an important interaction with plant roots.	
	<b>10</b> Fungi are of no importance to humans.
