Access Unit **3** Academic Connections
Keep Track of the Temperature

R

Directions: After you have finished your project, determine whether you have completed the criteria listed in the left column. Fill in the checklist in the shaded columns below and then turn the rubric in to your teacher along with your project.

Criteria	Student Checklist		Teacher Evaluation
	Completed	Not Completed	Comments
Created a new database called Climate Survey			
Created a table called *Temperature Patterns*			
In the *Temperature Patterns* table, added a field for your city			
Added fields for three other cities in different parts of the country			
Chose Number for the data type of each field			
Saved your table			
Opened the table in Datasheet View			
Used the newspaper or Internet to find the temperature for the last seven days in each city			
Keyed the temperature data into the table and proofread your table			
With your teacher's permission, printed your table
