

Unit 5

WORKSHEET 5D

Birthday Sort

Directions: Ask five friends or family members for the following information: birth month, birth day, number of brothers, and number of sisters. Create an Excel spreadsheet and enter the information. Include five columns for Last Name, First Name, Birth Month, Birth Day, and Number of Brothers and Sisters. Sort the information by birth month, birth day, and number of brothers and sisters. If your teacher allows, print your completed Excel spreadsheet and turn it in with this worksheet. Be sure to write your name on your spreadsheet.
